Product Specification:

Chemiox

Parameter	Specification
Appearance	Colourless opaque solution
Specific Gravity at 20°C	1.330 to 1.500
Nitrate as NO ₃ as % w/w	28 to 38

Application:

Chemiox is a Nitrate based aqueous solution used as an oxygen source for microbiological activity where the absence of Iron is a requirement.

Use:

Where the absence of Iron is a requirement the use of Chemiox, which is a nitrate based aqueous solution provides an oxygen source for microbes and thus prevents the microbes from converting sulphate to sulphide.
